

WELCOME TO THE TUGGERANONG ARCHERY CLUB

Now that you're a full member or thinking about becoming one, why not take advantage of what the club has to offer you.

24/7 Access to the Ranges

The TAC offers its full members the opportunity to hire a swipe key providing you with 24/7 access to the main ranges and workshop.

The main range has two light towers which provide floodlighting to the shooting area at night in an inverted V with the longest distance in the centre of the range.

Your swipe tag also grants you access to the club workshop located at the southern end of the main building.

Workshop Access

The workshop provides members with equipment for bow maintenance, arrow making and repairs, a kitchenette and bathroom amenities. Target faces are located under the stairs.

To apply for a swipe tag, simply complete an Access Request form available at the Canteen and pay the \$25 deposit fee. This fee is fully refunded on return of the swipe tag and key.

Access – Swiping your security tag on the reader unlocks the door and deactivates the alarm

Securing – To secure workshop swipe your tag twice, this will secure the door and reactivate the security system.

Alarm set – to confirm that the alarm is set the blue light above the door will flash

In the workshop you will find archery equipment including:

- A Compound bow press
- Arrow cutter
- Fletching Jig, etc
